I.THE DEPARTMENT OF CHINESE AND HISTORY

As an impact of the globalization process, the connectedness of the world's economies and cultures has been growing rapidly along with numerous rediscoveries of the local. It is amidst such a backdrop that the studies of language and culture, philosophy and history, heritage and aesthetics become all the more critical and essential. The Department of Chinese and History is founded to provide a multi- and inter-disciplinary lens to the changing and increasingly important role that China – in both its center and peripheries – plays in today's global landscape.

The Department preserves the University's tradition of teaching and research excellence. In the 21st century where local, national and global collaborations are becoming more and more dynamic, we aim to promote cultural learning with a humanistic touch, focusing especially on Chinese literature, history, philosophy, art, music, and cultural heritage.

The Department considers education and research as complementary and reinforcing components. As such, our quality curricula equip graduates with language proficiency, leadership skills and a critical mindset that is translatable to Hong Kong, the Greater China region and other Chinese-speaking landscapes. By expanding on its current research projects, the Department also actively seeks out long-term collaborations with Chinese Mainland and the international academia, joining hands in organizing conferences, research initiatives and academic publishing.

Aims of Major

The Major in Chinese and History aims to equip students with both advanced and professional knowledge as well as a wide range of analytical skills. Students will gain a broad understanding of Chinese literature, History and Cultural Heritage over time and across regions, while also specializing on a particular area or theme. They will learn to think critically, to conduct research with primary and secondary sources, to use appropriate methodologies, to construct sound and logical arguments as well as to write academically and skillfully.

The Chinese Stream strives to provide students with a solid and comprehensive training in Chinese language, Chinese literature, history and philosophy. The knowledge is both ancient and modern, and can be widely used in daily life. The training equips students with both in-depth knowledge and research skills for further academic work as well as for career development in the education, public affairs, administration, literature studies, media, editing and creative industries involving the use of Chinese. The Chinese Stream consists of four specialized areas of study, which are (1) Chinese language and literature, (2) Classical and modern Chinese literature, (3) Chinese classics and philosophy, and (4) Language use and writing.

History and Cultural Heritage Stream equips the students with comprehensive and in-depth knowledge of history, particularly Chinese history knowledge. It also aims to provide the students with the necessary training as cultural professionals with historical background. History seeks to provide the student knowledge on past events, memories, collections, and interpretations of the past. It also trains the students to examine the cause-and-effect relationships in human affairs and addresses the complexity of the past in shaping contemporary society. Although Chinese history is the primary focus of the stream, it also offers the students courses related to world history and public history to acquire historical knowledge to understand other nations' different histories and cultures.

History as a discipline is in their very process to synthesize other fields of social sciences, including anthropology, sociology, and economics, not to mention cultural history, to which Cultural Heritage belongs. Without a relatively systematic knowledge of History, it is difficult for a student to master the knowledge of Cultural Heritage well. On the other hand, locating Cultural Heritage within and with History, Cultural Heritage can provide a cultural perspective for students of History in return. This stream is designed based on these two inseparable and interactive parts of "History" and "Cultural Heritage".

History and Cultural Heritage Stream provides the professional training necessary to nurture high caliber history-related professionals with cultural perspective and cultural professionals with historical knowledge. It meets the growing workforce needs resulting from the rapidly expanding capacity in history-related industries including education, libraries, publishing, mass-media, etc., and culture-and-heritage-related industries, including cultural tourism, museum management, exhibition industries, commercial galleries and archives, community heritage programs, entertainment and arts-related professions, cultural and creative industries, in the Greater Bay Area, particularly Hong Kong. It educates students to become historical and cultural professionals who are culturally literate and competent in managing and marketing culture and heritage, with extensive knowledge of Chinese history and Chinese cultural heritage, including knowledge of Hong Kong's history and cultural heritage. It also educates the students to understand Hong Kong's unique position in integrating the East and West cultures. For this goal, this stream also strives to educate the students to become cultural professionals with highly proficient English-language ability to promote one's culture and heritage and understand and respect the historical and cultural differences of other nations. Last but not least, History and Cultural Heritage Stream promotes professionalism in History and Culture and Heritage in support of maintaining Hong Kong's leading role in culture- and heritage-related professions and provides expert advice on the promotion of culture and the protection and preservation of heritage in the context of Hong Kong both as part of China and as an international city.

- 5.2.3 Attainment of a double degree requires a minimum of 150 credit units. Some overlap in the courses required for the two degrees is allowed provided that at least 30 credit units in new courses are completed for the second degree.
- 5.2.4 Students who cannot complete a double degree but have fulfilled the requirements for a single degree may still apply for graduation. The completed courses from the unfulfilled degree may be counted toward the completed degree as free electives or used for fulfilling requirements for a second major or a minor as appropriate.

6. **Advanced Standing**

- 6.1 Students admitted with advanced standing may complete the degree with a minimum of 60 or 90 credit units, subject to the requirements of individual degrees/majors.
- 6.2 Colleges/Schools may stipulate a reduced credit unit requirement for students admitted with advanced standing with regard to the college/school and major requirements, but the degree requirements should comply with the minimum credit requirement for

graduation (i.e., 90 credit units for Advanced Standing I and 60 credit units for Advanced Standing II) as stipulated by the University.

- 6.3 All the regulations related to degree requirements, double major and double degree presented in AR4 and AR5 above also apply to students admitted with advanced standing unless otherwise specified.

6.4 Students Admitted with Advanced Standing I

6.4.1 Advanced Standing I students have to achieve a minimum requirement of 90 credit units for graduation subject to the requirements of individual colleges/schools, and the maximum number of credit units completed should not exceed 114.

6.4.2 Such students should fulfil the following minimum degree requirements, in addition to any other requirements stipulated by the cognizant academic unit:

- (i) A major
- (ii) College/School requirements, if any
- (iii) Gateway Education requirement of 22³ credit units
- (iv) University Language Requirements

6.5 Students Admitted with Advanced Standing II

6.5.1 Advanced Standing II students have to achieve a minimum requirement of 60 credit units for graduation subject to the requirements of individual colleges/schools, and the maximum number of credit units completed should not exceed 84.

6.5.2 Such students should fulfil the following minimum degree requirements, in addition to any other requirements stipulated by the cognizant academic unit:

- (i) A major
- (ii) College/School requirements, if any
- (iii) Gateway Education requirement of 12 credit units
- (iv) University Language Requirements

6.6 Students Admitted with Advanced Standing Pursuing a Double Major or Double Degree

6.6.1 Students admitted with Advanced Standing I may declare a double major within their first and second years of study. Students admitted with Advanced Standing II may declare a double major within their first year of study.

6.6.2 Attainment of a double degree requires a minimum of 120 and 90 credit units for Advanced Standing I and Advanced Standing II students respectively.

³ The Gateway Education requirement of 22 credit units mentioned in AR 6.4.2 only applies to students admitted in 2025/26 and thereafter. For students admitted in 2024/25 and before, the Gateway Education requirement is 21 credit units.

7. Course Registration

- 7.1 Students registering for courses must follow the instructions issued by the University. Students may also need to fulfil certain conditions stipulated by the University before they can proceed to register for courses.
- 7.2 Registration for some courses is restricted to students holding the necessary prerequisites.
- 7.3 The University reserves the right to restrict registration in courses, or permit registration only on a priority basis.
- 7.4 Students can add or drop a course during the add/drop period prescribed by the University. After the add/drop deadline, requests for late drop of courses will only be approved under exceptional circumstances, and such late requests must be submitted no later than the end of the teaching period for the relevant semester/term for approval by the Head of the course-offering unit.
- 7.5 For approved late drop cases, students will be assigned an X grade representing the late drop of the course and the X grade will be shown on the students' academic transcript.
- 7.6 Students intending not to register in any courses in a semester but who will subsequently continue their study should apply for a leave of absence no later than the end of the course add/drop period.
- 7.7 Students will be restricted from registration in a course when they have earned credit units for an exclusive course.
- 7.8 Under exceptional circumstances where a required course cannot be completed, a "substitute" course may be approved by the Dean of the major/minor-offering academic unit for a student replacing the required course with another. The approved substitute course can be used to recover a failure for the required course.
- 7.9 Credit units earned for courses at a level below the bachelor's degree level are not normally counted toward requirements for an award.
- 7.10 Students who have applied for graduation and fulfilled the degree requirements in the specified graduation semester/term; or completed the maximum credit units allowed; or reached their maximum period of study, cannot register for further courses in subsequent semesters/terms.

8. Credit Transfer

- 8.1 Transfer of credits may be granted to students in recognition of prior studies completed at an appropriate level as recognised by the University. Transfer credits will be counted toward meeting the credit units required to earn an award from the University.
- 8.2 Notwithstanding AR8.1 above, students admitted with advanced standing will not be entitled to any credit transfer on the basis of their previous qualifications attained prior

to their admission to the University. Instead, students may be granted exemption from specific courses based on prior study.

- 8.3 Credit units for transfer are normally assigned with respect to specific courses for work equivalent in content and standard.
- 8.4 Transfer credits must have been earned no earlier than eight years before the date of enrolment at the University. Individual academic units may stipulate a more stringent requirement for transfer credits, as deemed appropriate.
- 8.5 The maximum number of transfer credits that students can obtain throughout their studies, including transfer credits for study exchange or arrangements under joint programmes with other institutions, is as follows:
- Normative 4-year Degree: 60 credit units
 - Advanced Standing I: 45 credit units
 - Advanced Standing II: 30 credit units
 - Degree with a normal study duration longer than 4 years: Half of the credit units required for the award of the degree
 - Double Degree: Half of the credit units required for the award of the double degree
- 8.6 Transfer credits do not count in the calculation of a student's GPA, except where special arrangements have been made such as credit transfer arrangements under joint programmes with other institutions.
- 8.7 Students may apply for credit transfer in accordance with the procedures announced by the University.

9. Course Exemption

- 9.1 Students may be granted an exemption from specific courses based on prior study. Credit units are not earned for an exempted course.
- 9.2 Students who have been granted course exemptions are required to fulfil the minimum credit requirement for their respective degrees in order to graduate.
- 9.3 Students may apply for course exemptions in accordance with the procedures announced by the University.

10. Maximum and Minimum Study Load

- 10.1 In each semester, full-time students must register for courses summing to a total of at least 12 credit units, and for not more than 18 credit units; and part-time students must register for courses summing to a total of no more than 11 credit units.
- 10.2 In the Summer Term, students may register for courses but the total load must not exceed seven credit units.

- 10.3 Except where special arrangements are made, students seeking an exception from the credit load limit stated in AR10.1 or AR10.2 should apply in writing for approval by the Head of the home academic unit.

11. Duration of Study

- 11.1 Students may take a leave of absence from their studies for an approved period. Periods of approved leave of absence may not be less than one full semester, and may not accumulate to more than four semesters. Applications for leave of absence should be submitted for approval by the Head of the home academic unit. Under exceptional circumstances where a student needs to take a leave of absence accumulating to more than four semesters, such a request should be approved by the Dean.
- 11.2 Students shall, irrespective of their mode of study, complete all the degree requirements within the stipulated maximum period of study (i.e., eight years for normative 4-year degree, six years for Advanced Standing I, and five years for Advanced Standing II), inclusive of any change of majors, periods of leave of absence and suspension of studies. The maximum period of study for individual double degrees and for degrees with a normal study duration longer than 4 years shall be stipulated by the cognizant academic units.
- 11.3 Students who cannot complete all the degree requirements for graduation within the maximum study period will be required to discontinue their studies. Requests for extension of study beyond the maximum study period will not be granted.

12. Withdrawal of Study

Students who wish to withdraw from studies should submit a withdrawal notification to the University. Withdrawal will normally take effect from the date of submission of the notification. However, notification submitted during or after the examination period will take effect only from the following semester/term.

13. Termination of Study

- 13.1 The University has the right to terminate a student's study for failure to maintain satisfactory academic progress, as determined by the Dean, or to comply with the policies and procedures of the University.
- 13.2 The Dean may terminate the study of a student under the following circumstances⁴:

⁴ The circumstances for termination mentioned in AR13.2 only apply to students admitted in 2020/21 and thereafter. For students admitted in 2019/20 and before, the circumstances are as follows:

- (i) The student's SGPA is below 1.00 for two consecutive enrolled semesters; or
- (ii) The student's academic progress is unsatisfactory and is unable to meet the conditions stipulated by the home academic unit after being put on Academic Probation for two consecutive semesters.

- (i) The student's SGPA is below 1.70 for any three enrolled semesters; or
 - (ii) The student's academic progress is unsatisfactory and is unable to meet the conditions stipulated by the home academic unit after being put on Academic Probation for one semester.
- 13.3 Irrespective of AR13.2, the Dean may prescribe any other criteria for terminating a student's study.
- 13.4 Notwithstanding AR13.2 and AR13.3 above, students' studies will be terminated if they fail to pass a required course, or its equivalent/substitute course, after three attempts.
- 13.5 For termination of studies due to academic reasons, students will not be considered for readmission to the University.

14. Assessment

- 14.1 The award of any degree qualification shall be based on a student's performance in such examinations or other tests of learning or ability which have been approved by the University for the courses constituting the degree and award concerned.

14.2 Grading of Courses

- 14.2.1 Courses are graded according to the following schedule:

Grade	Grade Point	Grade Definitions	
A+	4.3	Excellent	The qualifiers, such as “Excellent”, “Good”, “Fair” etc., define student performance with respect to the achievement of course intended learning outcomes (CILOs).
A	4.0		
A-	3.7		
B+	3.3	Good	
B	3.0		
B-	2.7		
C+	2.3	Fair	
C	2.0		
C-	1.7		
D	1.0	Marginal	
F	0.0	Failure	
P (Pass-fail course only)		Pass	

[Note: A grade with an asterisk (e.g., B+*) is excluded from the calculation of GPA. The credits earned will not be counted toward the minimum credit requirement for graduation but will be counted toward the maximum number of credit units permitted.]

- 14.2.2 Unless otherwise specified, the minimum grade to progress without repeating the course is D. Failure to achieve the minimum grade is regarded as failing the course.

14.2.3 The following grades are used for operational purposes:

Grade	Grade Descriptions	
IP	In Progress	An IP grade is shown where students will register for the same course in the subsequent semester/term to complete the assessment of the course.
I	Incomplete	A grade of incomplete may be granted (i) where there are extenuating circumstances that have prevented a student from completing required work, or attending the examination; (ii) at the discretion of the Assessment Panel. Where an “I” grade is assigned, the Assessment Panel may approve a schedule for the completion of work, or a supplementary examination. An alternative grade should be assigned no later than four weeks after the “I” grade is first reported or as soon as practicable thereafter.
TR	Credit Transfer	Assigned when a student is granted transfer credits for the course.
Z	Exemption	Assigned when a student is exempted from the course.
AU	Audit	An audited grade is assigned when an auditing student has completed the conditions established at registration as an auditor. No assessment is made or grade awarded for auditing.
X	Late Drop	Assigned when a student is permitted to drop the course after the add/drop deadline.
WD	Withdrawn	Assigned when a student has registered for the course in a semester/term and subsequently submitted a notification of withdrawal from the University.

14.2.4 Students assigned a grade of D or better, or a Pass grade in a pass-fail course, earn credit units for the course. Grades of F, IP, I, Z, AU, X and WD do not earn credit units.

14.2.5 Grades of P, IP, I, TR, Z, AU, X and WD are not counted in the calculation of a student’s CGPA. Grades of F are counted, unless the failure is recovered under AR14.4.

14.2.6 Grades of P, IP, I, TR, Z, AU, X and WD are not counted in the calculation of a student’s SGPA.

14.3 Students' Academic Standing

- 14.3.1 Academic standing provides an indicator of students in academic difficulty needing academic advising and extra help. The three levels of academic standing are defined as follows:

Standing	Definitions
Academic Warning	Students' academic performance has been unsatisfactory, or their overall academic average is below minimum requirements. Students on warning should seek advice from their academic advisor.
Academic Probation	Students' academic performance has been extremely unsatisfactory, or their overall academic average has continued to be below the minimum requirements for graduation. Students on Academic Probation may be required to take a reduced study load and to fulfil specific conditions such as an SGPA attainment of 2.00 in the following semester.
Academic Suspension	Students who cannot benefit from course registration in the next semester/term may be suspended for an approved period of not less than one semester. Academic Suspension is designed to provide students with an opportunity to resolve the problems that are preventing them from making academic progress.

- 14.3.2 The following standing is used for operational purposes:

Review	A temporary status indicating that a student's performance is unsatisfactory and has been referred to the student's home academic unit for determining if a decision on academic standing needs to be made.
--------	---

- 14.3.3 The decision of an academic standing will be determined at the end of a semester for students who are in academic difficulty and have taken courses to a total of more than three credit units on the basis of their last academic standing (if any) and the GPAs attained at the time when the decision is made. Detailed rules are as follows:

Last Academic Standing	SGPA		CGPA	Academic/ Operational Standing
Nil	1.00 to 1.99	and	1.00 to 4.30	Academic Warning
	0 to 0.99	or	0 to 0.99	Review
Academic Warning	2.00 to 4.30	and	0 to 1.99	Academic Warning
	0 to 1.99	and	Any	Review

Last Academic Standing	SGPA		CGPA	Academic/ Operational Standing
Academic Probation/ Academic Suspension	0 to 1.99	or	0 to 1.99	Review

14.3.4 In making decisions on students' academic standing, the Dean has the right, upon the recommendation of the students' home academic unit, to make exceptions from the above rules.

14.3.5 If so required by the Dean, an academic standing decision may also be specially determined for a particular student at the end of the Summer Term.

14.4 Repeating Courses to Improve Grades

Unless otherwise specified, students may repeat a course, or an equivalent course, to recover a failure or to improve a course grade of D, subject to the concerned course's offering schedule and availability. Only two repeat attempts may be permitted. Course grades for all attempts will appear on the student's academic transcript, but only the final grade earned will be included in the calculation of the student's CGPA.

14.5 Illness or Other Circumstances Related to Assessment

14.5.1 A student who reasonably believes that his/her ability to attend an examination, or in-course assessment with a weighting of 20% or above, has been adversely affected by circumstances beyond his/her control must submit the case, with documentary evidence, to his/her home academic unit following the procedures stated on the University website, as soon as possible but no later than 5 working days of the scheduled date for completing the affected examination or assessment.

14.5.2 The home academic unit of the student will investigate the case, in consultation with the course-offering unit. Only compelling reasons such as illness, hospitalization, accident, family bereavement or other unforeseeable serious personal or emotional circumstances will be considered. The decision of the home academic unit is final and will be conveyed to the student in writing as soon as possible but no later than 10 working days following receipt of the case.

14.5.3 If the case is justified and substantiated, the decision will be conveyed to the Assessment Panel which will determine whether to offer the student a make-up examination or coursework or other alternative assessment. Where assessments for more than one course are affected, it is the responsibility of the home academic unit to inform all relevant Assessment Panels. The Assessment Panel may also adjust the grade of the student if deemed appropriate. The course-offering unit will convey the Assessment Panel's decision on the make-up arrangements to the student in writing as soon as possible.

14.6 Dean's List

At the end of Semester A and Semester B, or for part-time students on the completion of the second of these two semesters, students' GPAs are calculated. Where a student over that period has (i) earned 12 credit units or more from courses taken at the University, (ii) achieved a GPA of 3.70 or above, (iii) not failed any course, and (iv) subject to the Dean's endorsement, the student is placed on the Dean's List.

15. **Review of Assessment Decisions**

15.1 Review of Course Grades

15.1.1 Requests for review of course grades are governed by AR15.1.

Informal Resolution

15.1.2 For review of course grades via informal resolution, the Course Leader will consider requests on grounds of administrative error in recording or calculating the mark or result, or other circumstances that impact the course grade awarded.

15.1.3 A student should contact the Course Leader within 5 working days of the announcement of grades by the University with a view to resolving the matter informally.

15.1.4 If a revision to the student's course grade is considered necessary, the Course Leader should make a recommendation to amend the grade and seek the endorsement of the Chair of the Assessment Panel. Any grades thus amended will be reported to the Assessment Panel at its next meeting.

15.1.5 The decision on the informal review will be communicated to the student by the Course Leader no later than 13 working days following the announcement of grades by the University.

15.1.6 Other than disagreement with the academic judgement of Course Leaders which does not constitute valid grounds for formal review by virtue of AR 15.1.7, if the student's concerns regarding course grades as stipulated in AR15.1.2 cannot be resolved by informal means, the student may seek resolution via the formal procedures outlined below. However, informal review is not a pre-requisite for the formal procedure.

Formal Procedures for Review

15.1.7 Disagreement with the academic judgement of Course Leaders does not constitute valid grounds for formal review. For formal review of course grades, only requests with the following grounds will be considered:

- (i) there has been a procedural irregularity in the assessment process; for example, the assessment was not conducted in accordance with the Academic Regulations or with the arrangement prescribed for the course;

- (ii) there exist circumstances that impact the course grade awarded that the student was unable to bring them to the attention of the Course Leader prior to the assessment for valid reasons.
- 15.1.8 Any request for review of course grades must be made in writing to the Dean of the college/school offering the course or the Chair of the Course Validation and Monitoring Committee (CrsvMC) for GE courses offered by academic support units within 22 working days of the announcement of grades by the University. The written application must:
 - (i) state the grounds on which the request for review is made;
 - (ii) include a description of the relevant facts; and
 - (iii) provide supporting evidence.
- 15.1.9 Upon receipt of the formal request for review, the Dean of the college/school or the Chair of CrsvMC will determine whether or not a *prima facie* case for review has been established. If, in the view of the Dean of the college/school, or the Chair of CrsvMC, there is no *prima facie* case, then the request will be dismissed and the decision conveyed to the student no later than 32 working days following the announcement of grades by the University. The decision of the Dean of the college/school or the Chair of CrsvMC to dismiss the request is final.
- 15.1.10 If, in the view of the Dean of the college/school or the Chair of CrsvMC, there is a *prima facie* case, then he/she will refer the matter to the College/School/Academic Support Unit Grade Review Committee for consideration. The Committee may interview the student and staff members concerned. If the student does not show up for the interview, the Committee will consider the student's request for formal review of course grade on the basis of the information and documents provided by the student and other information available to the Committee. The Committee will record its proceedings and resolutions.
- 15.1.11 If the Committee determines that the case is substantiated, the decision will be conveyed to the Assessment Panel to decide the action to be taken. The Assessment Panel will report back to the College/School/Academic Support Unit Grade Review Committee any decisions taken on cases referred via this procedure.
- 15.1.12 The decision on the formal review will be communicated in writing to the student by the Dean of the college/school or the Chair of CrsvMC with a brief statement of the reasons for the decision. The decision should be conveyed to the student no later than 54 working days following the announcement of grades by the University.

Appeal Procedures

- 15.1.13 Formal requests for review of course grades should normally be resolved at the college/school/course-offering academic support unit level. A student may only appeal against the decision of the College/School/Academic Support Unit Grade Review Committee on the basis of procedural irregularity in the review process within 10 working days following receipt of the decision on the formal review. Students may submit an appeal in writing to the Associate Provost (Academic Affairs). Appellants should clearly indicate the grounds for appeal, and provide evidence in support of the appeal. The Associate Provost (Academic Affairs) will determine whether or not a *prima facie* case for appeal has been established. If, in the view of the Associate Provost (Academic Affairs), there is no *prima facie* case, then the appeal will be dismissed and the decision conveyed to the student normally no later than 10 working days following receipt of the appeal. The decision of the Associate Provost (Academic Affairs) to dismiss an appeal is final.
- 15.1.14 If, in the view of the Associate Provost (Academic Affairs), there is a *prima facie* case, he/she will refer the matter to the Academic Review Committee for consideration.
- 15.1.15 If the Academic Review Committee determines that the case is substantiated, the decision will be conveyed to the Assessment Panel to decide the actions to be taken. The Assessment Panel will report back to the Academic Review Committee any decisions taken on cases referred via this procedure.
- 15.1.16 The Academic Review Committee should record its proceedings and resolutions. The decision on the appeal will be conveyed to the student in writing normally no later than 27 working days following receipt of the appeal case by the Associate Provost (Academic Affairs) and is final.
- 15.1.17 The College/School/Academic Support Unit Grade Review Committees will submit a report of formal requests for review of course grades considered to Senate via the Quality Assurance Committee annually. The Academic Review Committee will submit an annual report to Senate via the Quality Assurance Committee on all appeal cases received by the Academic Review Committee.
- 15.2 Review of Dean's Decisions on Academic Standing or Awards
- 15.2.1 Requests for review of a Dean's decision on academic standing or final award are governed by AR15.2. The academic judgement of the Dean shall not be subject to review.

Informal Resolution

- 15.2.2 For review of a Dean's decision via informal means, the University will only consider requests on grounds of administrative error in recording, transcribing, or reporting of the result.

- 15.2.3 A student should attempt to resolve the matter informally by contacting the Major Leader within 5 working days of the publication of the academic standing or final award by the University through the University administrative information system. However, informal review is not a pre-requisite for the formal procedure.
- 15.2.4 If an amendment to the decision on academic standing or award classification is considered necessary, the Major Leader should make a recommendation via the Head of the academic unit to this effect and seek the endorsement of the Dean. Any Dean's decision thus amended will be reported to the College/School Board at its next meeting.
- 15.2.5 The decision on the informal review will be communicated to the student by the Major Leader no later than 8 working days following receipt of the formal request for review.

Formal Procedures for Review

- 15.2.6 For formal review of a Dean's decision, only requests with the following grounds will be considered:
- (i) there has been a procedural irregularity affecting the Dean's decision;
 - (ii) there exist circumstances that impact the Dean's decision that the student was unable to bring them to the attention of the Dean prior to its deliberations for valid reasons.
- 15.2.7 Students may submit a formal request in writing to the Associate Provost (Academic Affairs) within 22 working days of the publication of the Dean's decision by the University. The application must:
- (i) state the grounds on which the request for review is made;
 - (ii) include a description of the relevant facts; and
 - (iii) provide supporting evidence.
- 15.2.8 The Associate Provost (Academic Affairs) will determine whether or not a *prima facie* case for review has been established. If, in the view of the Associate Provost (Academic Affairs), there is no *prima facie* case, then the request will be dismissed and the decision conveyed to the student no later than 10 working days following receipt of the request. The decision of the Associate Provost (Academic Affairs) to dismiss the request for review is final.
- 15.2.9 If, in the view of the Associate Provost (Academic Affairs), there is a *prima facie* case, he/she will refer the matter to the Academic Review Committee for consideration. The Committee may interview the student and staff members concerned. If the student does not show up for the interview, the Committee will consider the student's request for formal review of Dean's decision on the basis of the information and documents provided by the student and other information available to the Committee. The Committee will record its proceedings and resolutions.

- 15.2.10 Where the case involves the request for an appeal against the decision of the College/School/Academic Support Unit Grade Review Committee lodged by the same student within the same semester/term, a nominee of the Associate Provost (Academic Affairs) will be appointed to handle the case to avoid allegation of bias.
- 15.2.11 If the Academic Review Committee determines that the case is substantiated, the decision will be conveyed to the Dean. The Dean will review the case and decide whether changes to the student's academic standing or award classification are required. The Dean will report back to the Academic Review Committee any decisions taken on cases referred via this procedure.
- 15.2.12 The decision on the formal review will be conveyed to the student in writing no later than 22 working days following receipt of the formal request for review.

Appeal Procedures

- 15.2.13 Formal requests for review of the Dean's decisions should normally be resolved by the Academic Review Committee. A student may only appeal against the decision of the Committee on the basis of procedural irregularity in the review process. Students may submit an appeal in writing to the Provost within 10 working days following receipt of the decision regarding the formal review. Appellants should clearly indicate the grounds for appeal and provide evidence in support of the appeal.
- 15.2.14 If the Provost determines that the case is substantiated, the decision will be conveyed to the Dean. The Dean will review the case and decide whether changes to the student's academic standing or award classification are required. The Dean will report back to the Provost any decisions taken on cases referred via this procedure.
- 15.2.15 The Office of the Provost and Deputy President should record its proceedings and resolutions. The decision on the appeal will be conveyed to the student in writing within 22 working days following receipt of the appeal and is final.
- 15.2.16 The Academic Review Committee will submit a report of formal requests for review of Dean's decisions and of appeal cases received to Senate via the Quality Assurance Committee annually. The Provost will submit an annual report to Senate via the Quality Assurance Committee on all appeal cases received by him/her.

16. Application for Graduation and Requirements for Awards

- 16.1 Each academic year has three graduation dates as set by Senate. Students should file an application for graduation during their intended graduation semester/term in accordance with the procedures announced by the University.

- 16.2 Students who have applied for graduation but do not successfully complete all their academic requirements by the end of the intended graduation semester/term must reapply for graduation.
- 16.3 In order to be awarded a degree, a student shall:
- (i) complete the minimum credit unit requirements for the degree;
 - (ii) achieve a CGPA of 2.00⁵ or above; and
 - (iii) fulfil other requirements stipulated in the University's regulations and procedures.
- 16.4 Students who have declared a second major shall fulfil the second major requirements, and achieve a minimum CGPA of 2.00⁵ in the second major in order for them to be granted the award.

17. Conferment and Classification of Awards

- 17.1 The degree awarded to students will be determined by the student's home major. The award title to be shown on the student's award certificate will be the degree and the home major. If a student has completed a double major, one award certificate will be issued and the second major will also be shown on the award certificate. For students who have completed a double degree, the two degree designations will appear on one award certificate.
- 17.2 University awards are classified by the relevant College/School Dean, who makes a recommendation to Senate for the conferment of awards.

Award Classification

17.3 For All Students Except Those Specified in AR17.4

17.3.1 The University grants bachelor's degree awards with the following classifications:

- (i) First Class Honours
- (ii) Upper Second Class Honours
- (iii) Lower Second Class Honours
- (iv) Third Class Honours
- (v) Pass⁶

17.3.2 The various classifications are based on the CGPAs. The general guidelines are as follows:

<u>Classification of Award</u>	<u>CGPA</u>
First Class Honours	3.50 or above
Upper Second Class Honours	3.00 – 3.49

⁵ The minimum CGPA requirement mentioned in AR16.3 and AR16.4 only applies to students admitted in 2020/21 and thereafter. For students admitted in 2019/20 and before, the minimum CGPA requirement is 1.70.

⁶ Applicable to students admitted in 2019/20 and before

Lower Second Class Honours	2.50 – 2.99
Third Class Honours	2.00 – 2.49
Pass ⁶	1.70 – 1.99

- 17.3.3 In all cases of classification of awards, the CGPAs cited above are indicative. The Dean has the right, upon the recommendation of the respective academic unit, to make exceptions in the application of the indicative GPAs.
- 17.3.4 College/School Deans classify awards with regard to, but not necessarily in strict conformity with, a student's CGPA.
- 17.3.5 The above guidelines also apply in determining the classification of awards for a double degree, and the classifications to be awarded should be endorsed by both the College/School Deans concerned.
- 17.4 For Students on Programmes of a Normal Study Duration of 4 Years or More (Admitted from 2020/21 to 2023/24), Advanced Standing I Students (Admitted from 2021/22 to 2023/24) and Advanced Standing II Students (Admitted from 2022/23 to 2023/24)
- 17.4.1 Degrees with Distinction are awarded based on the CGPA ranking for students in the respective departments/schools graduating in the same semester/term. Students who have fulfilled the stipulated graduation requirements and rank in the top 2% will receive a degree with *summa cum laude* (Highest Distinction). Those who rank in the top 7% but not in the top 2% will receive a degree with *magna cum laude* (High Distinction).
